UNIT A (TEACHERS)

This AGREEMENT is made and entered into as of September 1, 2018, by and between the FRAMINGHAM SCHOOL COMMITTEE (hereinafter referred to as "the School Committee" and/or "the Committee") and the FRAMINGHAM TEACHERS ASSOCIATION Unit A (hereinafter referred to as "the Association").

PREAMBLE

The Committee and the Association recognize that in a democratic society education must be a continuous pursuit of universal truths; that each child is entitled to an educational program designed to meet specific educational needs; that each child is entitled to instruction by personnel professionally qualified and adequate in number in order that education of the highest quality may be the effective result; that more attention should be devoted to the constructive guidance of leisure time and in-school time activities of students; that commensurate with quality education is the need for good morale within the teaching staff; and that both the Committee and the Association view the consideration of matters of mutual concern as a joint responsibility.

ARTICLE 1 **RECOGNITION**

The Committee recognizes the Association for the purpose of collective bargaining as the exclusive representative of a unit consisting of all professional teaching employees of the Framingham Public Schools, falling into any one of the following categories:

All classroom teachers or teachers of remedial or special education, including all department heads, professional personnel serving pupils directly in a counseling capacity, nurses, occupational therapists, physical therapists, school psychologists, coaches of athletics, partnership and part time teachers, school librarians, academic coaches, but excluding substitute teachers and all other employees of the School Department.

Except where otherwise provided, where the word "teacher" appears in this Agreement, it shall be construed to include all of those positions or classifications specified in the paragraph above immediately preceding.

ARTICLE 2 **NEGOTIATION PROCEDURE**

A. Not later than October 1 of the school year in which this Agreement expires, the Committee and the Association agree to enter into negotiations over a successor agreement.

B. Any Agreement reached between the Committee and the Association will be reduced to writing and signed by the Committee and the Association.

C. This Agreement shall be reproduced at equal cost to the parties and a copy of this Agreement shall be given by the Committee to each new teacher within five (5) days after being employed. Alternatively, this Agreement may be posted online.

D. No reprisals of any kind shall be taken by any party of this Contract against any party in interest, any witness or any member of the Personnel Committee of the Association, or any other participant in the grievance procedure by reasons of such participation.

ARTICLE 3 **GRIEVANCE PROCEDURE**

A. A "grievance" is hereby defined to mean a dispute involving the meaning, interpretation, or application of this Agreement.

B. Failure at any step of this procedure to communicate the decision of a grievance within the specified time limits to the aggrieved employee and the President of the Association shall permit the aggrieved party or parties to proceed to the next step.

C. Failure at any step of this procedure to appeal the grievance to the next step within the specified time limits shall be deemed to be acceptance of the decision rendered at that step.

D. A grievance that affects a group or class of teachers from a different building or department, or is of a general nature, may be submitted in writing by the Association to the Superintendent directly and the processing of such grievance shall be commenced at Level Two.

E. When a grievance arises, the grievance must be filed within ten (10) calendar days (or when school is not in session, fourteen (14) calendar days) from the day of the event upon which the grievance is based or from the date when the teacher had or should have had knowledge of the event.

Should any dispute or difference arise, it shall be settled in the following manner:

Level One: A hearing shall be held within seven (7) calendar days of the filing of the grievance between the aggrieved employee, their principal, and a member of the Grievance Committee. The supervisory answer at this level shall be transmitted to the Association within seven (7) calendar days of such hearing.

Level Two: If the dispute is not resolved at Level One, a hearing shall be held within seven (7) calendar days from the date of the reply at Level One between the aggrieved employee, the Chairman of the Grievance Committee or their designee, and the Assistant Superintendent for Human Resources. One additional person may be present at the request of either party. Additional persons may be present as mutually agreed. The Assistant Superintendent for Human Resources' answer shall be transmitted to the Association within seven (7) calendar days of the hearing at Level Two.

Level Three: If the dispute is not resolved at Level Two a hearing shall be held within seven (7) calendar days from the date of the reply at Level Two between the aggrieved employee, the Chairman of the Grievance Committee or their designee, and the Superintendent or their designee. A Representative of the Massachusetts Teachers Association may be present at this hearing. The Superintendent's answer shall be transmitted to the Association within seven (7) calendar days of the hearing at Level Three.

Level Four: If the dispute is not resolved at Level Three, a hearing shall be held no later than the second regularly scheduled Committee meeting from the date of the reply at Level Three between the Association (it shall be limited to seven (7) persons designated by the Chairman of the Grievance Committee) and the Committee. If the second regularly scheduled Committee meeting is during July or August after the Level III response, efforts will be made to schedule the Level IV grievance hearing at the first regularly scheduled Committee meeting from the date of the reply at Level III. The Committee's answer shall be transmitted to the Association within ten (10) calendar days of the hearing at Level Four.

Level Five: In the event that the grievance shall not have been satisfactorily disposed of at Level Four, or in the event that no decision has been rendered within ten (10) calendar days after the Level Four meeting, the Association may refer in writing within ten (10) calendar days of the disposition under Level Four the unsettled grievance to arbitration. The Arbitrator shall be selected by agreement between the parties. If the parties are unable to agree upon an arbitrator, the selection shall be made by the American Arbitration Association, in accordance with its rules and regulations.

The arbitrator shall be without power or authority to modify or alter the terms of this contract.

The decision of the arbitrator shall be in writing and shall be rendered within thirty (30) calendar days after the hearing is declared closed. The decision shall be final and binding on both parties.

The costs for services of the arbitrator shall be borne equally by the Committee and the Association.

Except as stated below, no matter pertaining to a grievance procedure shall be included in a unit employee's personnel file unless so requested by the Unit employee. Except as stated below, all matters relating to any grievance shall be treated as confidential material and shall not be consulted in decisions regarding reemployment, promotion or transfer.

Any material pertaining to charges brought or disciplinary action taken against a unit employee will become part of the Unit employees personnel file unless recourse is taken to the grievance procedure in which case such material will not be so placed unless and until charges are substantiated in the process of the grievance.

ARTICLE 4
SALARIES

The salaries of all persons covered by this Agreement are set forth in Appendix "A" which is attached hereto and made a part hereof.

ARTICLE 5
ACKNOWLEDGEMENT OF APPLICATION

The receipt of all written applications for positions in the Framingham Public Schools from current employees of the bargaining unit shall be promptly acknowledged in writing.

ARTICLE 6
TEACHER EMPLOYMENT

- A. The Committee reserves the right to grant salary credit for experience or specialized abilities other than actual teaching experience.
- B. The granting of such credit must be recommended by the administration.
- C. A prospective teacher who has spent one (1) year or more in the service of their country and has an honorable discharge may apply for extra salary credit. No more than two (2) salary steps shall be granted for military service. This shall not apply to anyone entering the District prior to the execution of this Agreement.
- D. A prospective teacher who has had experience related to teaching or who possesses specialized abilities needed by the School System may apply for extra salary credit. One step may be granted for each year's experience, such credit not to exceed five (5) such extra steps. Further, C and D are exclusive. No candidate shall receive salary credits under both classifications.
- E. The granting of salary credits under C and D shall not place an individual above Step 10 on the salary schedule.
- F. Subject to the requirements and provisions of Appendix A all teachers who have in excess of ninety (90) continuous days of teaching experience in one school year and who are recommended by their principal shall be eligible to be placed upon the next step of the salary schedule in the succeeding year. This provision shall apply only where there has been no break in service.
- G. This policy shall become effective on the execution date of this Agreement and shall not be applied retroactively. Any situations not following strictly the above regulations shall be reviewed by the Administration and upon its recommendation brought to the Committee for action.

ARTICLE 7
TEACHER ASSIGNMENT

A. Under normal circumstances, the teachers will be notified by the Administration in writing of their programs for the coming school year, including the school(s) to which they will be assigned, the grades and/or subjects that they will teach, and any special or unusual classes that they will have by one (1) week before the close of school. Changes in such programs may be made after one (1) week before the close of school, if necessary, and the teachers involved in the change will be notified as soon as possible.

B. In order to assure that pupils are taught by teachers working within their areas of competence, teachers will be assigned within the scope of their teaching certificates or in compliance with other state regulations.

C. Changes in grade assignment in the elementary schools and in subject assignment in the middle and secondary schools will be voluntary to the extent possible.

D. In arranging schedules for teachers who are assigned to more than one (1) school, an effort will be made to limit the amount of inter-school travel. Such teachers will be notified of any changes in their schedules as soon as practicable. Teachers who are assigned to more than one (1) school in any one school day will receive the current City-wide mileage reimbursement allowance for all inter-school driving done by them.

ARTICLE 8
ORIENTATION OF NEW TEACHERS

Every attempt will be made to orient new staff members adequately. Three (3) days prior to the opening of the school year, new teachers will be available for orientation to familiarize them with the school environment. Two (2) additional days of orientation may be scheduled over the teacher's next three (3) years at the Superintendent's discretion. The Association agrees to participate in the evaluation of the orientation program.

ARTICLE 9
TEACHER EVALUATION

A. Supervision of teachers will be conducted professionally, openly, and with full knowledge of the teacher; any serious complaint(s) of any supervisor regarding performance shall be promptly called to the attention of the teacher. Teachers shall be given a copy of any evaluation report prepared by an evaluator and will have the right to discuss their report. The evaluator must confer with any teacher whose service has been rated unsatisfactory in any respect, explain every evaluation, and plan cooperatively for improvement.

Beginning in the 1997-98 school year, the procedures outlined in the document entitled Supervision and Evaluation Procedures for the Framingham Public Schools will be used to

evaluate all employees of the Association. Nurses will be evaluated using the School Nurse Evaluation form attached to this contract.

Beginning in the 2013-14 school year, the procedures outlined in the document entitled Framingham Evaluation Instrument will be used to evaluate all employees in Unit A. An Evaluation Review Committee consisting of 11 employees (3 teachers and 3 department heads appointed by the Association President; 3 principals appointed by the Superintendent along with the Assistant Superintendent for Human Resources and the Assistant Superintendents for Elementary and/or Secondary Education and co-chaired by an Association and administration appointee) will meet at least once a year to review and make recommendation for revising our procedures to the Association and the School Committee. Both bodies must approve any changes in the procedures.

The Evaluation instrument and procedure shall be replaced with the new Evaluation instrument and procedure entitled Framingham Evaluation Instrument attached hereto as Appendix E.

- B.
1. Teachers will have the right, upon written request, to review the contents of their personnel file.
 2. No material derogatory to a teacher's conduct, service, character, or personality will be placed in the personnel file unless the teacher has had an opportunity to review the material. The teacher will acknowledge that they had the opportunity to review the material by affixing their signature to the copy to be filed with the express understanding that such signature in no way indicates agreement with the contents thereof. The teacher will also have the right to submit a written answer to such material and their answer shall be reviewed by the Superintendent and attached to the file copy.
- C. Any serious complaints regarding a teacher made to any member of the Administration by any parent, student, or other person will be promptly called to the attention of the teacher. The name of the complainant shall be given to the teacher.

If a negative assessment is indicated, the evaluator's written comments must contain relevant data that supports that negative assessment. Supportive data should include (but not be limited to):

- a. Identification of the problem(s).
- b. Evidence that the evaluator had conferred with the teacher regarding area(s) of concern.
- c. Evidence of the evaluator's attempt(s) to assist the teacher in improving their performance.

ARTICLE 10
TRANSFERS, REDUCTION IN FORCE, AND RECALL

A. Although the Committee and Association recognize that some transfer of teachers from one school to another is unavoidable, they also recognize that frequent transfer of teachers is disruptive of the educational process and interferes with optimum teacher performance. Therefore, they agree as follows:

1. When a reduction in the number of teachers in a particular building is necessary, volunteers may request transfer(s) to specific positions. If the request is not granted, the request shall be considered to be withdrawn.
2. When involuntary transfers are necessary, a teacher's area of competence, major and/or minor field of study, quality of teaching performance, and length of service in the Framingham Public School will be considered in determining which teacher is to be transferred. Teachers being involuntarily transferred will be transferred only to a comparable position.
3. An involuntary transfer will be made only after a meeting between the teacher involved, an Association representative, if requested by the teacher, and the Superintendent (or their designee), at which time the teacher will be notified of the reasons for the transfer.
4. A list of open positions in other particular buildings will be made available to all teachers being transferred. The Committee in making involuntary transfers will give consideration to the professional background and other attainments of the teacher.

Notice of transfer will be given to teachers as soon as practicable and under normal circumstances not later than June 1.

5. **VOLUNTARY TRANSFERS.** All known vacancies shall be posted for transfer as soon as possible. Personnel within the system will be given adequate opportunity to make application for transfer, but the Committee will not be restricted from advertising for applicants outside its current staff. The Committee will give consideration to the professional background and other attainments of all applicants. Any applicant covered by the A agreement who is not selected will receive a notice of non-action. Teachers wishing to be considered for transfer to positions that become vacant during the summer shall make such wishes known by letter to the Assistant Superintendent for Human Resources by the last day of school. The letter must specify what position(s) and in which school(s) they wish to be transferred. These wishes will be considered according to the criteria outlined above before assignments to such positions are made.
6. Before a teacher is assigned or transferred to a particular building, the principal of the building in question will be consulted regarding said assignments or transfer.

7. The Committee agrees that they will not utilize an involuntary transfer that would result in the lay-off of a teacher with professional status. The Committee further agrees that they will not deny a request for a voluntary transfer from an employee qualified for the position as specified in the criteria set forth in Article 10, Section D, paragraph 2, if such denial would result in the lay-off of a teacher with professional status.

B. Reduction in Force:

1. In the event it becomes necessary for the Framingham Public Schools to reduce the number of employees in the bargaining Unit because of financial limitations, decrease in pupil enrollment, changes in curriculum, or reorganization, etc., the procedures set forth in this Article will govern the layoff and recall of employees who are affected by such reduction.
2. No employee with professional status shall be laid off if there is a non-professional status teacher whose position such teacher with professional status is qualified to fill. Qualified shall mean certified by the Department of Elementary and Secondary Education.
3. For the purposes of complying with M.G.L. 71, s. 42 as amended by St. 2012, c. 131, s.3 and as these new statutory amendments are effective September 1, 2016, if layoffs are determined to be necessary by the Superintendent, they shall be conducted in the manner described below. Prior to implementing a layoff or Reduction in Force, the Superintendent shall:
 - A. Meet and discuss their intentions with the Association; and
 - B. Meet with affected employee(s) and a Union representative chosen by the employee(s) to discuss how the decision was made.
4. Layoffs shall be conducted within targeted disciplines based on the employees' job performance and the best interests of the students. A targeted discipline for the purpose of this section is the area of certification in which employees are teaching and for which a layoff is contemplated. An employee's job performance and the best interests of the students shall be defined as the employees past summative overall evaluation ratings as compared to other employee's past summative overall evaluation ratings in the discipline targeted to be reduced. Summative ratings of Proficient and Exemplary are considered equal and valued the highest. As such, teachers with such ratings shall be more qualified than employees with a summative rating of "Needs Improvement", who, in turn, shall be considered more qualified than the employees with an overall summative rating of "Unsatisfactory". If two or more employees are considered equally qualified, the least senior employee(s) shall be displaced based on seniority.
5. The number of summative evaluations compared will include all those evaluations written for teachers during the time equal to the most recently hired professional status

teacher in the targeted discipline, but not to exceed six (6) years and excluding the most recent summative evaluation that is to be determined for the year of the reduction. If there is a tie using the above criteria, the tie shall be broken by seniority, with the least senior teacher in the discipline targeted laid off first.

6. An employee with PTS, with a proficient or exemplary summative rating, reached for lay-off in a specific discipline may bump the least senior employee in another discipline for which the senior employees is qualified using the criteria established above.
7. For the purpose of this section, a teacher who holds a General Certification, or K-8 Certification shall be considered to be qualified only in those disciplines they have performed for a period of two (2) years or more in the last five (5). Teachers with Elementary, "Grandfather," or General Certification teaching in Grades 7-8 shall be considered as having taught 1-6 for the purpose of paragraph above.
8. Teachers who are to be laid off due to a reduction in staff must be notified in writing no later than June 15 of the school year preceding the year in which the reduction will take effect, where practicable and possible. The parties acknowledge that for positions funded by outside sources, funding levels might not be confirmed until July or August. Layoff notices related to a reduction in these outside funds will be sent as soon as possible after the levels of funding have been confirmed following the same process noted above.
9. The Committee agrees to provide the Association, in order to discharge its obligation as the exclusive bargaining agent, all information to which it is entitled as the collective bargaining representative (agent) for the purpose of determining whether or not there has been compliance with the layoff procedures.
10. The parties agree that should M.G.L. 71, s. 42 as amended by St. 2012, c. 131, s.3 be repealed or otherwise change, the language in this section reverts to the prior language contained in the 2015 through 2018 Collective Bargaining Agreement unless the statute or the law states otherwise.

C. Teacher Recall Procedure to Their Own Discipline:

1. This means the right of a professional teacher to return to a position in the discipline (as set forth in the attachment) from which the teacher was laid off.
2. Any professional teacher who is laid off pursuant to this article shall have a right to be recalled during the first two (2) years of their layoff to any vacancy in the discipline from which they were laid off on a last-out first-in basis.
3. Recall of a teacher shall be made by the Committee after such person has been nominated for such recall by the Superintendent.

4. The Association and the Committee agree that the above-stated procedure will be used first for the recall of all professional teachers to positions following a layoff.
5. Preference for substitute service will be given to laid off teachers who indicate their availability to the Office of Human Resources.

D. Recall to Other Disciplines:

1. When a vacancy occurs which cannot be filled in accordance with Article 10, Paragraph C.2., teachers shall be eligible for other positions for which they are qualified. No new employee will be hired until every eligible employee on the recall list has been given the opportunity to apply.
2. The following criteria will be applied in determining which of the qualified applicants will be considered for positions in disciplines other than the discipline from which the applicant was laid off:
 - a. Areas of Competence
 - (1) Certification
 - (2) Number of years of actual experience in the area of competency
 - (3) Recent experience in the area of competence (See Memorandum of Understanding and Clarification - 10/19/77)
 - b. (1) Length of continuous permanent service in the system
(2) Length of service in the system
 - c. Major/Minor Field of Study (graduate, undergraduate)
 - (1) Major field of study
 - (2) Minor field of study
 - (3) Other courses
 - d. Contributions to the system beyond classroom teaching
 - (1) This does not include activities for which a teacher receives monetary compensation.
 - (2) Contributions considered will be made during the school year (September to June) only.
 - (3) All Association work which contributes to the educational process shall be considered a contribution to the system.
 - (4) Requests to contribute, which have not been accepted, shall be considered.
 - e. Quality of Teaching Performance
 - (1) Past evaluations which are in a teacher's personnel file.
 - (2) General recollections of supervisors who have had direct knowledge of a teacher's performance in the classroom.

For further clarification, see Appendix B and Appendix C.

3. The Office of Human Resources will notify each qualified former employee on the recall list by mail that a vacancy exists.
 - a. Those interested must express this interest in writing within a fourteen (14) day calendar period from the date of the notification.
 - b. If the Superintendent determines that no person on the recall list has the specific qualifications to fill a given vacancy and instead nominates a candidate from outside the recall list to fill a vacancy, the Association shall have the right to grieve.
 - c. The recall list shall be sent to the Association.

E. General:

1. The Office of Human Resources shall maintain a complete list of all Framingham professional personnel formerly under contract who are, by virtue of declining student population and/or school closings, laid off. This listing will include the former employee's:
 - a. Beginning and ending dates of continuous contracted services to the Framingham Public Schools;
 - b. Areas of certification;
 - c. Complete description of professional experience; and
 - d. Name, address, and telephone number (it is the applicant's responsibility to furnish current information and an updated resume to the Office of Human Resources).
2. A teacher's name shall be maintained on the recall list until the September 1 two (2) years after the date on which the layoff occurs.
3. Personnel on this list are encouraged to notify the Office of Human Resource if they no longer wish to be considered for recall.
4. Names still listed at the end of recall period will be dropped.
5. Individuals who refuse a job offer will be dropped from the list except for verified medical reasons. Medical reasons do not extend the recall period.
6. Seniority shall be defined as the length of continuous service in the Framingham Public School District Unit A. An employee in such position who assumes an acting or temporary position outside Unit A for up to three (3) years will maintain but not accrue "length of continuous permanent service" for the purpose of these

paragraphs. For status of, and effect on seniority while on leave of absence, refer to Article 31 and 33.

For purposes of this section, Nurses will be credited their Unit M seniority at the commencement of the 2007-2008 school year.

7. In the case of length of continuous service that is the same, the order of seniority shall be determined by the drawing of lots.
8. All layoffs shall be based upon a system-wide basis.
9. Upon recall, employees shall be accredited with all previously earned, unused sick leave.
10. Returning employees shall be placed on the salary schedule one step higher than the level at which they left, provided they have served in excess of ninety (90) continuous days in the year directly preceding their layoff.
11. Teachers recalled shall be considered to have been on a non-paid leave of absence for the term of the layoff.

ARTICLE 11 **CLASS SIZE**

The Committee and the Association recognize that class size is an important factor in good education and will, whenever possible, subject to space available and all other educational considerations, ensure that class size is of the most effective nature for both teacher and pupil. Special attention to class size will be given to such special situations as shop area, drawing areas, or laboratory areas. Both the Committee and the Association recognize the need and desirability to confer over possible solutions to problems of class size and to consider staff suggestions concerning the same. However, the final decision as to class size will be made by the Committee in the best interest of all.

Aide Request: If an aide is requested, the form attached to this Agreement is to be used.

1. The Committee and the Association recognize that class size guidelines for core academic subjects are an important factor in supporting quality education. Class size guidelines PK-8 and average class size guidelines at the high school will be targeted as indicated below:

Pre-K	22
K	22
1-2	24
3-8	25
9-12	30 (average per teacher)

2. Classroom aides may be assigned to classrooms in Pre-K, K and 1st grades that reach the maximum guidelines for their level if funds are designated for this purpose by the Superintendent and if an aide is recommended by the classroom teacher and the Principal and appointed by the Superintendent.

3. In any class in the District exceeds the maximum of the class size guidelines, the administration will:
 - A. Look at existing school space available to open an additional classroom;
 - B. Determine whether or not the District has the financial resources to fund an additional teaching position;
 - C. Within the first two (2) weeks of the quarter or term, should the class size exceed twenty-seven (27) or the contractual limit, the Principal or their designee shall generate a list of the aforementioned classes, which will be promptly submitted via email to the Superintendent of Schools, who will then forward the information to the Committee and the Association within two (2) weeks. A meeting shall take place within two (2) weeks of the initial notification with the Superintendent, the Principal and the Association President(s) to discuss possible resolutions, and the Superintendent will report back to the Committee within two (2) weeks.
 - D. If the class size guidelines above are exceeded in any given building or at any particular time, the Superintendent shall notify the President(s) of the Association of the particular classroom that exceeds the above guidelines.

4. The District's final determination shall be final provided that the terms of paragraph 3(C) above shall be grievable under the provisions of Article III. Grievances may be initiated at Level 3. This Article shall not be subject to the arbitration provisions of the Agreement.

ARTICLE 12
NON-TEACHING/ADDITIONAL RESPONSIBILITIES/DUTIES

The Committee and the Association acknowledge that a teacher's primary responsibility is the total education of the children in their care.

- A. 1. Assignment of teachers for non-teaching duties shall be on a reasonable basis, which may include consideration of the teacher's numbers of preparations, number of classes and class size. The Committee and the Association acknowledge that a nurse's responsibility is in the health-room and that nurses do not have preparatory periods; therefore nurses will not be required to perform non-nursing duties.

2. Although teachers may be required to collect and transmit money to be used for educational purposes, they will not be held responsible for the loss of any money where such loss is not the fault of the teacher.
- B. Teachers will not be required to drive pupils to activities which take place away from the school building.
- C. Volunteers will be solicited for student activity positions approved by the Committee. If there is no qualified volunteer for any of the above positions, a teacher may be appointed by the Superintendent or their designee to fill the position.
- D. Where reasonable and practical, all teachers will be allowed to remain in school buildings after school hours for the purpose of preparation.
- E. The Committee shall provide one (1) hour of time to review and complete electronically the mandatory trainings during the three (3) hours dedicated to Convocation, but the number of hours for evidence collection is reduced from three (3) hours to two (2) hours in the Appendix E: Framingham Evaluation Instrument. The Office of Human Resources will arrange for all new employees hired after the first day of school to complete said mandatory trainings within thirty (30) calendar days.

ARTICLE 13
VACANCIES IN POSITIONS

- A. Whenever any vacancy in a professional position occurs, as determined by the School Committee including those outside the bargaining unit, during the school year, it will be adequately publicized for at least one (1) week by the Assistant Superintendent for Human Resources by means of a notice placed on the Association bulletin board in every school as far in advance of the appointment as possible. During the months of July and August, written notice of any such vacancy will be given to the Association and to any teacher who files a written request for such information with the Office of Human Resources. In both situations, the qualifications for the position, its duties, and rate of compensation will be clearly set forth. Subsequent changes in qualifications will be made only when it is deemed justified by the Administration, and any change will be brought to the attention of the Association prior to the closing date for applications.
- B. All teachers will be given adequate opportunity to make application for such positions, and the Committee agrees to give consideration to the professional background and other attainments of all applicants. Permanent appointments will be made as soon as possible.

- C. Written application will be required of all candidates for acting administrative positions.
- D. The Association President(s) and the Superintendent agree to meet in September of each school year and as needed to discuss the current hiring process of administrator positions and to determine the means by which to seek more input and suggestions from Unit A employees to improve the aforementioned process.

Not more than one percent (1%) of the teachers shall be on sabbatical leave at the same time. The extent of the candidate's service, their sabbatical plans, and equitable distribution among the different teaching and administrative groups, and the order in which the applications are received shall be considered in determining the granting of sabbatical leaves.

Sabbatical leave shall be granted for either one-half ($\frac{1}{2}$) or one (1) school year only.

A teacher absent on sabbatical leave shall receive fifty percent (50%) of their current salary unless this amount exceeds fifty percent (50%) of the maximum salary for their classification, or the amount exceeds fifty percent (50%) of the maximum salary paid to a teacher with a master's degree. Use of such accrued sick leave shall in no way result in said employee receiving more than a total of forty (40) consecutive work days of paid parental leave.

C. Rights. The School Committee shall not be required to restore an employee on parental leave to their previous or similar position if other employees of equal length of service credit and status in the same or similar position have been laid off due to economic conditions or other changes in operating conditions affecting employment during the period of such parental leave; provided, however, that such employee on parental leave shall retain any preferential consideration for another position to which they may be entitled as of the date of their leave.

ADDENDUM

A revised school day will be implemented at Framingham High School beginning in the 1997-1998 school year to allow Framingham to comply with the state mandate on Time and Learning (see attached “mixed block and traditional schedule” based on 180 student days).

If any individual teaching schedule includes a day without preparation periods, volunteers for such a schedule will be solicited. In the event there are an insufficient number of volunteers, the schedule will be assigned and such schedule will be rotated on a yearly basis unless a teacher volunteers for such schedule. Whether a teacher volunteers or is assigned the schedule, they will have duties eliminated or reduced.

The FTA and Administration agree to evaluate the high school schedule by January 1998 and, if necessary, make revisions as agreed to by both parties.

1. PURPOSE OF EDUCATOR EVALUATION

- A. This contract language is locally negotiated and based on M.G.L., c.71, § 38; M.G.L. c.150E; the Educator Evaluation regulations, 603 CMR 35.00 et seq.; and the Model System for Educator Evaluation developed and which may be updated from time to time by the Department of Elementary and Secondary Education. See 603 CMR 35.02 (definition of model system). In the event of a conflict between this collective bargaining agreement and the governing laws and regulations, the laws and regulations will prevail.
- B. The regulatory purposes of evaluation are:
 - i) To promote student learning, growth, and achievement by providing Educators with feedback for improvement, enhanced opportunities for professional growth, and clear structures for accountability, 603 CMR 35.01(2)(a);
 - ii) To provide a record of facts and assessments for personnel decisions, 35.01(2)(b);
 - iii) To ensure that every school committee has a system to enhance the professionalism and accountability of teachers and administrators that will enable them to assist all students to perform at high levels, 35.01(3); and
 - iv) To assure effective teaching and administrative leadership, 35.01(3).

2. DEFINITIONS

(* indicates definition is generally based on 603 CMR 35.02)

- B. Caseload Educator: Educators who work with or counsel individual or groups of students through consultation with classroom teachers such as school nurses, guidance counselors and others covered under this agreement .and who are not responsible for issuing student grades. This will include coaches/specialists who work with staff.
- C. Classroom teacher: Educators who teach preK-12 classes and have responsibility for issuing student grades.

- D. Categories of Evidence: Multiple measures of student learning, growth, and achievement, judgments based on observations and artifacts of professional practice, including unannounced observations of practice of partial or full period classroom visits of at least 15 minutes in duration and no more than a class/subject period; and additional evidence relevant to one or more Standards of Effective Teaching Practice (603 CMR 35.03).
- E. *District-determined Measures: Measures of student learning, growth and achievement related to the Massachusetts Curriculum Frameworks, Massachusetts Vocational Technical Education Frameworks, or other relevant frameworks, that are comparable across grade or subject level district-wide. These measures may include, but shall not be limited to: portfolios, approved commercial assessments and district-developed pre and post unit and course assessments, and capstone projects.
- F. *Educator(s): Inclusive term that applies to all classroom teachers and caseload educators as determined by the Unit A recognition clause, unless otherwise noted.
- G. *Educator Plan: The growth or improvement actions identified as part of each Educator's evaluation. The type of plan is determined by the Educator's career stage, most recent Summative performance rating, and the most recent rating of impact on student learning, growth and achievement. There shall be four types of Educator Plans:
- i) Developing Educator Plan shall mean a plan developed by the Educator and the Evaluator for one school year for an Educator without Professional Teacher Status (PTS) or less than one year for an educator without PTS who is hired after the start of the school year.
 - ii) Self-Directed Growth Plan shall mean a plan developed by the Educator for one or two school years for Educators with PTS who are rated proficient or exemplary.

In those cases where an Educator is

rated unsatisfactory near the close of a school year, the plan may include activities during the summer preceding the next school year.

- H. *ESE: The Massachusetts Department of Elementary and Secondary Education.
- I. *Evaluation: The ongoing process of defining goals and identifying, gathering, and using information as part of a process to improve professional performance (the “formative evaluation” and “formative assessment”) and to assess total job effectiveness and make personnel decisions (the “summative evaluation”).
- J. *Evaluator: Any FPS employee designated by the superintendent who has primary or supervisory responsibility for observation and evaluation and whose overall Summative rating is Proficient or Exemplary. The superintendent is responsible for ensuring that all Evaluators have training in the principles of supervision and evaluation. Each Educator will have one primary Evaluator responsible for determining performance ratings.
 - i) Primary Evaluator: Any FPS employee who falls into the category of Principal, Director, or employee of the Framingham Administrator Association and determines the Educator’s performance ratings and evaluation. In the case of an educator whose overall formative or summative rating declines to Needs Improvement or Unsatisfactory, the Primary Evaluator will assume all responsibilities of evaluation that may have been performed by the Supervising Evaluator.
 - ii) Supervising Evaluator shall be the person responsible for developing the Educator Plan, supervising the Educator’s progress through formative assessments, evaluating the Educator’s progress toward attaining the Educator Plan goals, and making recommendations about the evaluation ratings to the primary Evaluator at the end of the Educator Plan. The Supervising Evaluator may be the primary Evaluator as defined in 2J i or his/her designee.
 - iii) Teaching Staff Assigned to More Than One Building: Each Educator who is assigned to more than one building will be evaluated by the appropriate administrator where the individual is assigned most of the time. The principal of each building in which the Educator serves must review and sign the evaluation, and may add written comments. In cases where there is no predominate assignment, the superintendent will determine who the primary evaluator will be.
 - iv) Notification: The Educator shall be notified in writing of his/her primary Evaluator and supervising Evaluator, if any, at the outset of each new

evaluation cycle. The Evaluator(s) may be changed upon notification in writing to the Educator and a rationale for the change will be provided. Good faith attempts will be made to maintain continuity of Primary/Supervising Evaluators through the evaluation cycle.

- K. Evaluation Cycle: A five-component process that all Educators follow consisting of 1) Self-Assessment; 2) Goal-setting and Educator Plan development; 3) Implementation of the Plan; 4) Formative Assessment/Evaluation; and 5) Summative Evaluation.
- L. *Experienced Educator: An educator with Professional Teacher Status (PTS).
- M. *Family: Includes students' parents, legal guardians, foster parents, or primary caregivers.
- N. *Formative Assessment: The process used to assess progress towards attaining goals set forth in Educator plans, performance on standards, or both. This process may take place at any time(s) during the cycle of evaluation, but typically takes place at mid-cycle.
- O. *Formative Evaluation: An evaluation conducted at the end of Year 1 for an Educator on a 2-year Self-Directed Growth plan which is used to arrive at a rating on progress towards attaining the goals set forth in the Educator Plan, performance on Standards and Indicators of Effective Teaching Practice, or both.
- P. *Goal: A specific, actionable, and measurable area of improvement as set forth in an Educator's plan. A goal may pertain to any or all of the following: Educator practice in relation to Performance Standards, Educator practice in relation to indicators, or specified improvement in student learning, growth and achievement. Goals may be developed by individual Educators, by the Evaluator, or by teams, departments, or groups of Educators.
- Q. *Measurable: That which can be classified or estimated in relation to a scale, rubric, or standards.
- R. Multiple Measures of Student Learning: Measures must include a combination of classroom, school and district assessments, and student growth percentiles on state assessments, if state assessments are available, and improvement in student ACCESS scores. Caseload Educators may use profession specific measures. This definition may be revised as required by regulations or agreement of the parties upon issuance of the most recent ESE guidance.

- S. *Observation: A data gathering process that includes notes and judgments made during one or more classroom or worksite visits(s) of at least 15 minutes in duration by the Evaluator and may include examination of artifacts of practice including student work. An observation may occur in person. Classroom or worksite observations conducted pursuant to this article must result in feedback to the Educator. Normal supervisory responsibilities of department, building and district administrators will also cause administrators to drop in on classes and other activities in the worksite at various times as deemed necessary by the administrator. Carrying out these supervisory responsibilities, when they do not result in targeted and constructive feedback to the Educator, are not observations as defined in this Article.
- T. Parties: The parties to this agreement are the local school committee and the Framingham Teachers Association.
- U. *Performance Rating: Describes the Educator’s performance on each performance standard and overall. There shall be four performance ratings:
- i. Exemplary: the Educator’s performance consistently and significantly exceeds the requirements of a standard or overall. The rating of exemplary on a standard indicates that practice significantly exceeds proficient and could serve as a model of practice on that standard district-wide.
 - ii. Proficient: the Educator’s performance fully and consistently meets the requirements of a standard or overall. Proficient practice is understood to be fully satisfactory.
 - iii. Needs Improvement: the Educator’s performance on a standard or overall is below the requirements of a standard or overall, but is not considered to be unsatisfactory at this time. Improvement is necessary and expected.
 - iv. Unsatisfactory: the Educator’s performance on a standard or overall has not significantly improved following a rating of needs improvement, or the Educator’s performance is consistently below the requirements of a standard or overall and is considered inadequate, or both.
- V. *Performance Standards: Locally developed standards and indicators pursuant to M.G.L. c. 71, § 38 and consistent with, and supplemental to 603 CMR 35.00. The parties may agree to limit standards and indicators to those set forth in 603 CMR 35.03.

- W. *Professional Teacher Status: PTS is the status granted to an Educator pursuant to M.G.L. c. 71, § 41.
- X. Rating of Educator Impact on Student Learning: A rating of high, moderate or low based on trends and patterns on state assessments and district-determined measures. The parties will negotiate the process for using state and district-determined measures to arrive at an Educator's rating of impact on student learning, growth and achievement, using guidance and model contract language from ESE.
- Y. Rating of Overall Educator Performance: The Educator's overall performance rating is based on the Evaluator's professional judgment and examination of evidence of the Educator's performance against the four Performance Standards and the Educator's attainment of goals set forth in the Educator Plan, as follows:
- i) Standard 1: Curriculum, Planning and Assessment
 - ii) Standard 2: Teaching All Students
 - iii) Standard 3: Family and Community Engagement
 - iv) Standard 4: Professional Culture
 - v) Attainment of Professional Practice Goal(s)
 - vi) Attainment of Student Learning Goal(s)
 - vii) For the 2013-2014 school year, the overall performance rating will be based on items i, ii, v, and vi above.
- Z. *Rubric: A scoring tool that describes characteristics of practice or artifacts at different levels of performance. The rubrics for Standards and Indicators of Effective Teaching Practice are used to rate Educators on Performance Standards, these rubrics consists of:
- i) Standards: Describes broad categories of professional practice, including those required in 603 CMR 35.03
 - ii) Indicators: Describes aspects of each standard, including those required in 603 CMR 35.03
 - iii) Elements: Defines the individual components under each indicator
 - iv) Descriptors: Describes practice at four levels of performance for each element

- AA. *Summative Evaluation: An evaluation used to arrive at a rating on each standard, an overall rating, and as a basis to make personnel decisions. The summative evaluation includes the Evaluator's judgments of the Educator's performance against Performance Standards and the Educator's attainment of goals set forth in the Educator's Plan.

3. EVIDENCE USED IN EVALUATION

The following categories of evidence shall be used in evaluating each Educator:

- A. Multiple measures of student learning, growth, and achievement, which shall include:
 - i) Measures of student progress on classroom assessments that are aligned with the Massachusetts Curriculum Frameworks or other relevant frameworks and are comparable within grades or subjects in a school;
 - ii) At least two district-determined measures of student learning related to the Massachusetts Curriculum Frameworks or other relevant frameworks that are comparable across grades and/or subjects district-wide. These measures may include: portfolios, approved commercial assessments and district-developed pre and post unit and course assessments, and capstone projects. One such measure shall be the MCAS Student Growth Percentile (SGP), MAP or ACCESS gain scores, if applicable, in which case at least two years of data is required.

 - i. Provide an overview of the evaluation process, including goal setting and the educator plans.
 - ii. Provide all educators with directions for accessing a copy of the forms used by the district.
 - iii. The newly hired Educator shall also meet with the superintendent, principal, and/or designee to accomplish items in 5bi and 5bii above.

6. EVALUATION CYCLE: SELF-ASSESSMENT

- A. Completing the Self-Assessment

B. Proposing the goals

- i. Educators must consider goals for grade-level, subject-area, department teams, or other groups of Educators who share responsibility for student learning and results, except as provided in (ii) below. Educators may meet with teams to consider establishing team goals. Evaluators may participate in such meetings. School and/or district leaders will provide educators with all relevant assessment data analysis and copies of the current school and/or district goals by October 1st.
- ii. For Educators in their first year of practice, the Evaluator or his/her designee will meet with each Educator by October 1st (or within four weeks of the Educator’s first day of employment if the Educator begins employment after September 15th) to assist the Educator in completing the self-assessment and drafting the professional practice and student learning goals which must include induction and mentoring activities.

7. EVALUATION CYCLE:

GOAL SETTING AND DEVELOPMENT OF THE EDUCATOR PLAN

- A. Every Educator has an Educator Plan that includes, but is not limited to, one goal related to the improvement of practice; one goal for the improvement of student learning. The Plan also outlines actions the Educator must take to attain the goals established in the Plan and benchmarks to assess progress. Goals may be developed by individual Educators, by teams, departments, or groups of Educators who have the similar roles and/or responsibilities and in collaboration with the Evaluator. See Sections 15-19 for more on Educator Plans.
- B. The Evaluator reviews the goals the Educator has proposed, using evidence of Educator performance and impact on student learning, growth and achievement based on the Educator's self-assessment and other sources that Evaluator provides to the Educator. The Evaluator retains final authority over the required goals to be included in the educator plan. The process for determining the Educator's impact on student learning, growth and achievement will be determined after ESE issues guidance on this matter. See #22, below.
- C. Educator Plan Development Meetings shall be conducted as follows:
 - i. Educators in the same school may meet with the Evaluator in teams and/or individually at the end of the previous evaluation cycle or by the timelines specified in Appendix C to develop their Educator Plan. Educators shall not be expected to meet during the summer break.
 - ii. For those Educators new to the school, the meeting with the Evaluator to establish the Educator Plan must occur by the timelines specified in Appendix C or within six weeks of the start of their assignment in that school.
 - iii. The Evaluator shall meet individually with Educators with PTS and ratings of needs improvement to develop professional practice goal(s) that must address

specific standards and indicators identified for improvement. In addition, the goals may address shared grade level or subject matter goals.

- iv. The Evaluator shall meet with Educators with PTS and ratings of unsatisfactory and, if desired by the Educator, a representative from the Association, to develop professional practice goal(s) that must address specific standards and indicators identified for improvement. In addition, the goals may address shared grade level or subject matter goals.
- v. The Evaluator completes the Educator Plan by the timelines specified in Appendix C. The Educator shall sign the Educator Plan within 5 school days of its receipt and may include a written response. The Educator's signature indicates that the Educator received the plan in a timely fashion. The signature does not indicate agreement or disagreement with its contents. The Educator and the Evaluator will collaborate regarding the content of the educator plan. The Evaluator retains final authority over the content of the Educator's Plan.
- vi. All relevant student info will be identified, agreed upon, and shared between the Educator and Evaluator.

- J. Any changes to an Improvement Plan require a conference with the Educator and if appropriate, representation from the Association.

12. EVALUATION CYCLE:

FORMATIVE EVALUATION FOR TWO YEAR SELF-DIRECT PLANS ONLY

- A. Educators on two year Self-Directed Growth Educator Plans receive a Formative Assessment report before May 31st of the first year of the two year cycle. The Educator's performance rating for the previous year shall be assumed to be the same as the previous summative rating unless a body of evidence demonstrates a significant change in performance.
- B. The Formative Assessment report provides written feedback and ratings to the Educator about his/her progress towards attaining the goals set forth in the Educator Plan, performance on each performance standard and overall, or both.

13. EVALUATION CYCLE: SUMMATIVE EVALUATION

The evaluation cycle concludes with a summative evaluation report. For Educators on a one or two year Educator Plan, the summative report must be written and provided to the educator by May 31st.

- B. The Evaluator determines a rating on each standard and an overall rating based primarily on an examination of evidence against the Performance Standards and evidence of the attainment of the Educator Plan goals and secondarily on the Evaluator's professional judgment.
- C. The overall summative rating that the Educator receives shall be based primarily on Standards I and II when determining the final Educator rating.
